Computer Masters assists Martin Luther Academy by helping sponsor Golf Outing...

Kansas City, MO., September 16, 2006 – Computer Masters, LLC, Masters of Information Technology and the regions best and most unique technical support firm has helped sponsor the 2006 Annual MLA Golf Outing at Hodge Park Golf Course. The sponsorship helps NLSA bring solid Christian education to the Kansas City region's residents. The Northland Lutheran School Association is an important source of quality education along with Christian teaching to the Kansas City North region.

“Sponsoring a hole for this golf outing is the very least Computer Masters can do to help grow an important part of the community & this country, Christian teachings and education are more important than anything else in this country we believe, children are where everything begins in this world and a solid Christian background certainly gives children the very best chance at success in more than business, but their lives” said Mike Cleveland, Computer Masters Chief Technology Officer. “Computer Masters feels more than honored that NLSA & MLA accepted our small contribution towards their wonderful cause. Mr. Karsten, the principal of MLA has been most kind in helping us get involved, the outing was extremely successful, and we hope to help more in the near future.”

Computer Masters provided sponsorship of a hole on the golf course and was recognized by NLSA with a beautiful plaque recognizing Computer Masters support to NLSA's great cause.
