

Computer Masters of Kansas City joins Corporate Woods Referral Roundtable

Computer Masters join the ranks of the Corporate Woods Referral Roundtable...

Overland Park, KS., August 12, 2006 – Computer Masters, LLC, Masters of Information Technology and the regions best and most unique technical support firm, announced its membership & participation in the Referral Roundtable of Corporate Woods. The Roundtable Executive committee voted unanimously to allow Computer Masters entry into their membership.

“Becoming a member of the Roundtable is an honor, & nothing but beneficial not only to Computer Masters, but to every member at the roundtable,” said Mike Cleveland, Computer Masters Chief Technology Officer. “The roundtable group is an active membership, and passes thousands of referrals amongst each other annually. We feel that building strong personal & business relationships in the roundtable can benefit all involved, and is important to growing businesses. When referrals are handed to members, due to the relationships inside the chapter, we count on excellent quality of service to our referrals, and likewise; being an active participant at the roundtable gives Computer Masters an edge that most local technology companies underestimate in terms of b2b potential.”

Computer Masters is the exclusive technology member at the roundtable. The Referral Roundtable allows one company to become a member per industry, and meets weekly in Corporate Woods at the Overland Park Chamber of Commerce building.

About the Corporate Woods Referral Roundtable

The Corporate Woods Referral Roundtable carries high traditions & standards of business interaction to enhance local business interaction of Kansas City’s entrepreneurs and corporations. The core of the model is to create an environment for local business owners & corporate officers to interact, build personal & business relationships, and most of all to provide trustworthy business referrals to clientele. The Roundtable is designed to encourage & stimulate local business growth.

Constantly growing in size, the roundtable meets weekly. Bylaws of the Roundtable are called Pillars of the Roundtable, and are followed in strict accordance; an Executive committee oversees meeting agenda and member acceptance.

About Computer Masters

Conceptualized in 2003 by Mike Cleveland & contributing partners, Computer Masters, L.L.C. is a regional technical support company that offers a unique and refreshing vision of the technical support industry for businesses. Computer Masters offers the client guaranteed results, same day response, one-hour onsite*, 2-hour guaranteed response, and 24/7/365 support and monitoring. Computer Masters takes unique and innovative approaches to not only support it’s clients, but in also providing a family atmosphere to its employees and contractors, this anomaly in an outsourced world is how Computer Masters of Kansas City earns its business, one at a time, and by word of mouth. Industry giants such as Dell, Microsoft, HP, IBM, GriSoft, Novell, Symantec, SuSE Linux, and Toshiba are a few of the many alliances and partnerships that Computer Masters retains.
